Dear Sir / madam

re:- HOM3.

Following your invite to a drop in session, I would like to confirm that I agree with the HOM3 plan in rural / local areas.

I have a site in Cross Lane, Haughmore which I think would be very suitable for HOM3.

The site is a 10 acre field adjacent to Oak Trees. I do not want a large development, just building for myself and my daughter / family, who has moved to be near us to support / care for us due to health and age.

I have previously submitted a plan for A.D.P with a surveyors report, which was favourable to the criteria you wanted.

(2)

As I have stated I do not want a large development just for myself / husband and my daughter's family.

- The site is
- a) On a bus route
 - b) Near businesses / shops etc
 - c) Near local school which would benefit as my daughter has three children
 - d) Near local hospital (possibly nearer when new hospital built).
 - e) Near railway station
 - f) Not on a flood plain
 - g) Access to water and electricity and other utilities

I appreciate that HOM3 has to be passed by Welsh Office etc, but the benefits to rural communities would be great.

Thank you
