> Carmarthenshire County Council are generally not supportive or sympathetic to the needs of equestrians in Carmarthenshire. The untackled problems with PROWS, the non inclusion of equestrians in new paths being created and the lack of provision for parking in the very few green spaces that allow us to ride. Two weeks ago we had two serious equestrian accidents in Trimsaran, with one horse fatality. This is on top of the already doubling in traffic incidents in Carmarthenshire last year from the previous year. Please can the Council start to take our needs seriously before we lose a rider to a car accident. Please take our concerns seriously, I know many riders who won't buy a permit for the safe forest because of the parking issues. We need safe places to ride and safe places to park.
