Please indicate which soundness test(s) the LDP meets or does not meet, and why (see guidance notes for more information). This will help the Authority and the Inspector to understand the issues you raise.

I would like to object to the allocation of sites SR/069/001 and SR/069/003. I do not believe that this is a necessary allocation. Especially in view of the fact that previously the council took the view that there was already sufficient residential land allocated in the Fforest/Hendy area and resisted further expansion.

This is an area of wet grazing land which already has known drainage complications that have caused problems with previous developments. There are several underground springs together with a large overground spring.

In accordance with TAN 15 the council is required to demonstrate that further development would not increase the flood risk or surface water issues on site or within the catchment area. This is not without concern as the current infrastructure allegedly installed to prevent this happening has failed on several occasions. This is particularly worrying with the increase in global warming (perhaps due to the excess building on green field sites?) and the increasingly severe weather conditions and unprecedented rainfall we are now experiencing.

In relation to TAN 5 the council should assess the area for the loss of incredible biodiversity that this development would cause, the fields have numerous small mammals, butterflies and diverse plant life. Development would alter the inherent character of the area and encroach further into the natural settlement boundary of Fforest. This is an area of such incredible beauty, the best of Welsh countryside, to destroy it further would be a travesty.

Traffic is already a huge concern in this area. Indeed, road traffic stats UK report almost 8000 vehicles per day on the A48 and A4138. Exiting onto the A48 is difficult and this whole road is already exceptionally busy, especially with all the traffic associated with the Bird in Hand pub and drivers using it to avoid the heavily congested M4 junction.

TAN 20 needs to be considered in relation to the Welsh Language as the infrastructure to support schooling and Healthcare GP practice capacity is limited.

Previous council assessments have sensibly agreed with the above points indicating that additional land was not required. Swansea council will be potentially considering

an application for 650 properties across the river. The huge impact of this needs to be taken into consideration. There are also several other sites marked for potential development.

Whilst I appreciate the need for housing, surely there must be brown field sites that can be developed rather than further destroying our beautiful, priceless countryside and all the inherent damaging effects on the local community and the ecological havoc it will wreak. The planning department have the responsibility and the power to not only deliver housing but protect the biodiversity of our landscape.

4. Ymddangosiad mewn unrhyw Sesiynau Gwrando yn y dyfodol <i>Mater i'r Arolygwyr yw penderfynu a oes angen cynnal Sesiwn Wrando yn y dyfodol o ganlyniad i ystyried sylwadau ar y Newidiadau sy'n Codi. Nodiadau cyfarwyddyd

Guidance notes

Mae Cynllun Datblygu Lleol Sir Gaerfyrddin yn cael ei archwilio gan Arolygydd annibynnol a benodir gan Lywodraeth Cymru. Gwaith yr Arolygydd yw ystyried a yw'r Cynllun yn bodloni gofynion gweithdrefnol ac a yw'n gadarn.

'Gellir ystyried 'Cadarn' yn y cyd-destun hwn o fewn ei ystyr arferol o 'dangos barnu da' a 'gellir ymddiried ynddo'. Y cwestiynau neu'r 'profion' y bydd yr Arolygydd yn eu hystyried wrth benderfynu a yw'r Cynllun yn gadarn yw:

- 1. Ydy'r cynllun yn ffitio? (h.y. a yw'n gyson â chynlluniau eraill?)*
- 2. Ydy'r cynllun yn briodol? (h.y. a yw'n briodol ar gyfer yr ardal yng ngoleuni'r dystiolaeth?)*
- 3. A fydd y cynllun yn cyflawni? h.y. a yw'n debygol o fod yn effeithiol?)*

Darperir rhagor o wybodaeth am y profion cadernid a gofynion gweithdrefnol yn Arweiniad Gweithdrefnol ar Archwiliadau Cynllun Datblygu Lleol yr Arolygiaeth Gynllunio.

Os ydych yn gwrthwynebu, dylech ddweud pam rydych yn credu bod y Cynllun yn ansad a sut y dylid newid y Cynllun er mwyn ei wneud yn gadarn.

Lle cynigiwch newid i'r Cynllun, byddai o gymorth esbonio pa brawf/broffion cadernid y credwch y mae'r Cynllun yn eu methu. Os yw eich sylw yn perthyn i'r ffordd gafodd y Cynllun ei baratoi neu'r ffordd yr ymgynghorwyd arno, mae'n debygol y bydd eich sylwadau yn perthyn i 'ofynion gweithdrefnol'.

The Carmarthenshire Revised Local Development Plan (LDP) is being examined by an independent Inspector appointed by the Welsh Government. It is the Inspector's job to consider whether the Plan meets procedural requirements and whether it is sound.

'Sound' may be considered in this context within its ordinary meaning of 'showing good judgement' and 'able to be trusted'. The questions or 'tests' which the Inspector will consider in deciding whether the Plan is sound are:

1. Does the plan fit? (i.e. is it consistent with other plans?)
2. Is the plan appropriate? (i.e. is it appropriate for the area in the light of the evidence?)
3. Will the plan deliver? (i.e. is it likely to be effective?)

More information on the soundness tests and procedural requirements is provided in the Planning Inspectorate's LDP Examinations Procedural Guidance.

If you are making an objection, you should say why you think the Plan is unsound and how the Plan should be changed to make it sound.

Where you propose a change to the Plan it would be helpful to make clear which test(s) of soundness you believe the Plan fails. If your comment relates to the way in which the Plan has been prepared or consulted on, it is likely that your comments will relate to 'procedural requirements'.

Fydd methu adnabod prawf ddim yn golygu na chaiff eich sylwadau eu hystyried, cyhyd â'i fod yn perthyn i'r MAC's neu'r dogfennau atodol. Dylech gynnwys eich holl sylwadau ar y ffurflen, gan ddefnyddio dogfennau ychwanegol a thystiolaeth ategol lle bod angen.

Os ydych yn gwrthwyneubu am fwy nag un MAC, nid yw bob tro yn angenrheidiol i lenwi ffurflenni ar wahân ar gyfer pob darn o'ch sylw.

Pan fydd grŵp yn rhannu barn gyffredin ar sut mae'n dymuno i'r Cynllun gael ei newid, byddai'n ddefnyddiol i'r grŵp hwnnw anfon ffurflen unigol gyda'u sylwadau, yn hytrach na bod nifer fawr o unigolion yn anfon ffurflenni ar wahân yn ailadrodd yr un pwynt. Mewn achosion o'r fath, dylai'r grŵp nodi faint o bobl mae'n eu cynrychioli a sut gafodd y sylw ei awdurdodi. Dylid nodi cynrychiolydd y grŵp (neu'r prif ddeisebydd) yn glir.

Failing to identify a test will not mean that your comments will not be considered, providing it relates to the MAC's or the supporting documents. You should include all your comments on the form, using accompanying documents and supporting evidence where necessary.

If you want to object to more than one MAC, it is not always necessary to complete separate forms for each part of your representation.

Where a group shares a common view on how it wishes the Plan to be changed, it would be helpful for that group to send a single form with their comments, rather than for a large number of individuals to send in separate forms repeating the same point. In such cases the group should indicate how many people it is representing and how the representation has been authorised. The group's representative (or chief petitioner) should be clearly identified.
