Dear Sir/Madam

CARMARTHENSIRE LOCAL DEVELOPMENT PLAN 2018 - 2033 - MATTERS ARISING CHANGES (MACs)

The Mineral Products Association (MPA) is the trade association for the aggregates, asphalt, cement, concrete, dimension stone, lime, mortar and industrial sand industries. MPA is the sectoral voice for mineral products, covering 100% of GB cement and lime production, 90% of GB aggregates production, 95% of asphalt and over 60% of ready-mixed concrete and precast concrete production. In 2023, the industry supplied £18.4 billion worth of materials and services to the Economy, directly generating £6.7 billion in Gross Value Added (GVA). It is the largest supplier to the construction industry, which generated £141.5 billion in GVA in 2023. For more information visit: www.mineralproducts.org

Further to the consultation on the MACs, I can confirm that MPA Wales has no additional comments to make to the consultation.

Thank you for taking on board our comments and addressing our concerns during the early consultation process.

Yours faithfully

[REDACTED]

Nick Horsley
Director of Planning, MPA Wales
